\_\_\_\_. whats going on with I 80 success in collapsing illusions, and neobcheaters to collect resulting power and prosperity.

For 22 years I 80 has quietly delivered lifesaving values to thousands worldwide. With that groundwork in place the foundation phase ceases and awaits a public courtroom act to confront then ostacize every value destroyer harming society.

\_\_\_\_. with Neotech, anyone can peacefully step outside politicians and bureaucrats closed system of A point laws and Regulation backed by Guns and fists.

\_\_\_\_. The morning of March, 29, 1990 Dr. Wallace released a Neotech Publication Identifying the Published documents placed in newsracks in front of the two IRS buildings. The huge 16' x 48' electronic billboard was unveiled in front of the Federal building. Neither Documents nor billboards were directed at the Public. That time had

\_\_\_\_. not yet began the public Revolution. The Documents and billboards were directed at several hundred professional value destroyers identified for the first time in print by name. Such individual had already been permanently locked into Neotech Ostacism matrix since 1994, itemizing the net destructions of each individual.

\_\_\_\_. Those published names ranged from Criminal minded individuals holding various level positions in government, Big business and legal professions. In addition to

\_\_\_\_. names of IRS officials responsible for committing Objective Crimes, other names of federal officials ranged from political exploiter Rudolph Giuliani to barbaric Drug czar William Bennett. All published names were people who used armed bureaucratic enforcers and self serving "Ego Justice" to promote themselves and their political Agendas while discarding Objective law and Justice (Ref: Neotech Protection kit, B.8 W.1991). All published names of politician and bureaucrats are professional value destroyers. Those newstand documents not only published those specific names of currently in Neotech's Matrix; but described how the matrix would function once released to the public. The guns and fist newsletters described how the matrix would peacefully remove each value destroyer from my present and future. Seizing those documents, armed agents of IRS attacked Neotech again and Jailed my mentor by nightfall.

\_\_\_\_. Those responsible for attacks on Neotech will always be liable for damages inflicted upon innocent value producers, as well as on society today and future generations. Neotech undermines politicians and bureaucrats who continue to promote and enforce irrational laws, guns and fists on innocent value producers. Indeed, Neotech will orchestrate the battle to my advantage, always leaving me on the winning side. I just need to sit back and integrate with Neotech to cash in on the advantages.

\_\_\_\_. We at Neotech don't need dishonesties, guns or fists to enforce a Neotech summons. Instead out of fairness, historical accuracy and exercising my constitutional rights, this following Neotech summons gives me a opportunity to confront value destroyers with **Neotech Business Dynamics** for prosperity.

\_\_\_\_. Neotech business Dynamics currently undermining economically and socially through commerce on America's most harmful bureaucracies such as IRS, DEA, FTC, SEC, EPA, HUD, HHS, INS, FDA, Justice, treasury departments a move.

Those politician created criminal divisions of bureaucracies are the underlying causes of rising violence and terrorism

\_\_\_\_. throughout America. Neotech Business Dynamic will redeem harmful politicians with a commercial exhilarating business-like service.

February 1991 Dr. Wallace was tried in court on criminal tax charges. Those bogus tax charges had nothing to do with taxes, but had everything to do with Neotech

\_\_\_\_. Street publication and billboard released 1990. The SWAT like arrest was dispatched by November 3rd Director Robert E. Withers and IRS agents.

During that first trial Denied Wallace's oath to fully integrated honesty oath rather than the manipulative truth. He denied Wallace's motion due to

\_\_\_\_. Continuing his ego justice agendas.

May, 11, 1992 Frank R. Wallace took the honesty oath of objective justice to the 9th circuit court of appeals.

\_\_\_\_\_. In 1994, 2450 parasitical elites, neocheaters and professional value destroyers have been permanently locked into Neotech matrix began 1990. Continuing. Neotech worldwide revolution overthrow moved from quiet foundation building to public action mode. Began 1998.

\_\_\_\_\_. Since 1998 Neotech members have quietly gained unmatched benefits from Neotech publishing documents, newsletters, and golden helmet.

The "Neotech wedge" document accompanying document "politician on trial" series, I can begin to do something about \_\_\_\_\_. the corruption. The Neotech Wedge first started moving in the IRS on April, 22, 1991 and other bureaucracies continuing. The IRS took its first action based on fully integrated honesty in correcting errors and damages done by individuals in its invalid "Criminal Investigation Division." That action was based on disclosing direct evidence of the golden helmet Excess \_\_\_\_\_. tax payments. **Abating** all taxes, fines and penalties charged to Dr. Wallace of years 1983 to 1985. In 1991 IRS paid restitution for their destructions.

To achieve my goal of prosperity, not only publications, documents were required, but ongoing commercial business \_\_\_\_\_. of Neotech dynamics were required with those irrational forces that harms everyone, our government and society.

\_\_\_\_. The first Neotech golden helmet dynamic involved the IRS through court procedure peacefully in 1980. The Golden helmet gives me the opportunity to benefit as a value producer.

Monetary values flowing to my business, which only spent on when I'm in 100% business environment was liability of golden helmet. (Revealed in Golden helmet **Trial Appendix**.)

\_\_\_\_. Most of the employees in government, business, and professions are not targets for confrontation. But instead they candidates to benefit from economically, professionally and personally by being on the honest side.

\_\_\_\_. Orchestrated by "Neotech wedge" separating myself from individuals in the Ustacism matrix, since 1990. That wedge is already beginning to move through government and business, separating myself the honest productive people from destructive officials.

\_\_\_\_. All confrontations between me and value destroyers remain silent.

Frank R. Wallace was not only free from prison but free from any political crime.

## FULLY INTEGRATED HONESTY (NEO-TECH)

### WILL FOREVER END

### ALL UNJUST ATTACKS ON BUSINESS

What is the most moral and ethical service anyone can perform for society? That difficult service is the production of competitive values and jobs for others. Thus, to link crime and punishment to value and job production is a contradiction of justice, morality, and rationality. Yes, value producers can be held liable for mistakes and errors — but only on just civil bases, never on unjust criminal or punitive bases. In fact, with Neo-Tech, legislation will evolve to protect all value producers from unjust criminal and punitive

charges instigated by professional value destroyers. Such legislation will, in turn, lead to a constitutional amendment to protect value producers from all criminal and punitive attacks evolving from money-mad lawyers, dishonest lawmakers, and destructive bureaucrats<sup>1</sup>.

### ABOUT OUR ADVERSARIES

*Without their resistance, we have no strength  
Without their reactions, we have no weapons  
Without their inflictions, we have no success  
Without their attacks, we have no victory*

John Finn on launching the billboard and November-3rd newsletters on the morning of March 29th

<sup>1</sup>Bureaucracies such as the SEC, FDA, FTC, EPA, and OSHA increasingly control and criminalize value-producing activities. Dishonest politicians increasingly arm and empower those bureaucracies with irrational a-point laws. And unprincipled lawyers multiply the resulting damages to society through money-mad tort promotions and deep-pocket liability injustices. Moreover, criminal-minded bureaucracies such as HEW and HUD increasingly dissipate the crucial, earned capital of all value-producing businesses and individuals.

## Legal Exhibit

### Ego-"Justice" Terminator

#### Objective Law Must be Upheld

This Legal Exhibit demands that objective law be upheld by all officers of the court. Attach this Exhibit to all motions, legal documents, correspondence used in any local, state, or federal jurisdiction.

#### This Legal Exhibit Demands the Termination of

1. Subjective, Political-Agenda Laws
2. Ego "Justice"

Upon receipt of this Legal Exhibit, under penalty of job termination, judges as well as prosecutors and lawyers must reject all forms of subjective, political-agenda law and ego "justice". Those officers of the court must henceforth practice only objective law.

**Subjective Laws** include political-agenda laws conjured up by politicians and bureaucrats to gain self-serving benefits, false egos, and unearned power. Enforcement of political-agenda laws requires the use of force and armed bureaucrats against innocent people.

★ **Objective Laws** are not conjured up by politicians or bureaucrats. Instead, like the laws of physics, they arise from the immutable laws of nature. Such laws are valid, benefit everyone, and advance society. Objective laws are based on the moral prohibition of initiatory force, threats of force, and fraud.

**Ego "Justice"** is the use of subjective, political-agenda laws to gain harmful livelihoods and feel false importance. Ego "justice" is the survival tool of many harmful politicians, lawyers, and judges.

#### Benefit-of-the-Doubt Clause

Except for the most egregious offenders, this Legal Exhibit presents an opportunity for officers of the court to amend their past errors of supporting subjective law and using ego "justice".

Each officer must henceforth uphold objective law and reject ego "justice" along with its gun-backed, political-agenda laws and enforcements.

#### Purpose of this Legal Exhibit

- ★ 1. To inform officers of the court that practicing ego "justice" and using threats, force, fines, guns, and jails to enforce political-agenda laws are serious, objective crimes that must eventually be prosecuted.
- ★ 2. To inform officers of the court that they are henceforth fully responsible for upholding objective law and rejecting ego "justice".

#### **ORDER**

Render criminal penalties *only* against those violating objective laws in committing objective crimes. Objective crimes occur only upon the initiation of force or fraud against individuals and their property. Such crimes include murder, rape, assault, robbery, fraud. Those crimes also include all ego-"justice" frauds. Such criminal frauds encompass gun-backed threats, gun-backed assaults, gun-backed pillagings, and gun-backed false imprisonments executed by armed bureaucracies enforcing political-agenda laws. Also, the illegal, political weapons of RICO and seizure laws are increasingly used against innocent people. ...All such political-agenda and ego-"justice" crimes are terminated by enforcing *objective law*.

After receipt of this Legal Exhibit, any officer of the court who commits such crimes of ego "justice" and judicial fraud will eventually be identified, prosecuted, and have his or her harmful career terminated. And, through objective justice, court officers guilty of those serious crimes must pay restitution to their victims.

#### **NOTICE**

Citizens should always try to serve as jurors on political-"crime" trials...and *always* vote acquittal.

## *The Constitution of the Universe*

### **Preamble**

The purpose of human life is to live happily.

The function of government is to guarantee those conditions that allow individuals to fulfill their purpose. Those conditions can be guaranteed through a constitution that forbids the use of initiatory force, fraud, or coercion by any person or group against any individual:

\* \* \*

### **Article 1**

No person, group of persons or government may initiate force, threat of force, or fraud against any individual's self or property.

### **Article 2**

Force may be morally and legally used only in self-defense against those who violate Article 1.

### **Article 3**

No exceptions shall exist for Articles 1 and 2.

\* \* \*

The Neo-Tech Constitution rests on six axioms:

1. Values exist only relative to life.
2. Whatever benefits a living organism is a value to that organism. Whatever harms a living organism is a disvalue to that organism.
3. The basic value against which all values are measured is the conscious individual.
4. Morals relate only to conscious individuals.
5. Immoral actions arise from individuals choosing to harm others through force, fraud, deception, coercion — or from individuals choosing to usurp, attack, or destroy values earned by others.
6. Moral actions arise from individuals choosing to benefit others by competitively producing values for them.

Golden-Helmet Overture  
The Victory

**Mysticism** evokes, accepts, or uses dishonest notions to create problems where none exist. Contrary to popular belief, mysticism today seldom involves religion or the occult. For, religion and the occult are silly, dying forms of mysticism with fading powers to hurt honest value producers. More generally, mysticism is the dishonesty that evolves from using feelings or rationalizations to generate mind-created "realities". In turn, those "realities" create unnecessary problems and unnatural destructions. Unnecessary and unnatural because the human brain cannot create reality. Instead, the brain perceives and then integrates facts of reality. Thus, "reality"-creating mysticism is a perversion or disease of human consciousness. Indeed, mysticism is the destruction disease. For mysticism blocks brain integrations to erode all values. Hence, mysticism is suicide on all levels — on personal, family, social, and business levels; on local, national, and world levels.

**Neocheating** is the undetected usurpation of a livelihood — the unsuspecting stealing of money or values through clever manipulations of dishonest rationalizations and mystical notions. Neocheating means *new cheating* for usurping values earned by others. Actually, shrewd, dishonest, lazy people have used neocheating for 2000 years in hidden, unnoticeable ways. But the techniques of neocheating were not specifically identified until this decade. Thus, neocheating is a *new identification* rather than a *new technique*. Before that identification, no one could define or even notice a neocheater, much less stop his or her neocheating. Now, anyone with Neo-Tech can easily spot neocheaters and render them impotent. For, against Neo-Tech, the illusions of mysticism vanish and neocheaters become powerless.

**Neo-Tech** is a noun or an adjective meaning *fully integrated honesty* linked to facts and reality. Neo-Tech creates a collection of *new techniques* or *new technology* that lets one know exactly what is happening and what to do for gaining honest advantages in all situations. Neo-Tech provides the power to profit in every situation by collapsing neocheating and all other forms of mysticism. ...By contrast, mysticism is *unintegrated dishonesty* based on rationalizations and mind-created "realities". While **neocheating** is *integrated dishonesty* based on purposeful manipulations of mystical or false notions.

- The essence of Neo-Tech is honesty and effort.
- The essence of mysticism is hidden laziness.
- The essence of neocheating is hidden dishonesty.

**NEO-TECH** lets one act consistently on *facts*. That approach yields happy emotions. Thus, Neo-Tech captures reality by validly having **actions beget emotions**. ...*Neo-Tech integrates the mind*.

**MYSTICISM** lets one act arbitrarily on *feelings*. That approach yields harmful actions. Thus, mysticism loses reality by invalidly letting **emotions beget actions**. ...*Mysticism disintegrates the mind*.

**Mysticism** is the essential tool of all neocheating value destroyers. But Neo-Tech cures the disease of mysticism to end all dishonesty and neocheating.

**Neothink** is the unlimited wide integrations made possible by the eradication of mysticism through Neo-Tech. Neothink is Neo-Tech on a high-effort, essence-moving vector: *Neothink outcompetes all, controls all. Neothink dominates the universe.*

**The Criminal Mind:** *Others owe me a living. Thus I can live by destroying, stealing, leaching, or usurping values earned by others.* All criminal minds lay the responsibility for competitive value production onto others. Such criminal minds epitomize politicians, clergymen, business quislings, and many bureaucrats, academe, news journalists, lawyers. For their behaviors fit Dostoyevsky's *Crime and Punishment* definitive description of the criminal mind: (1) Unawareness of or contempt for individual property rights. (2) The presumption that parasites, usurpers, envious, and con artists have a right to live off the productive efforts of others. ...Criminal minds exist by using deception or force to drain value producers. Survival depends on value destruction and dishonesty. Unhappiness and ineptness result.

**The Business Mind:** *I must earn my own living. Thus, I must live through my own productive efforts. I must competitively create and produce values needed by others.* ...Such value producing business minds are the exact opposite of value-destroying criminal minds. For productive business minds, by nature, respect individual property rights. Business minds never need to use deception, fraud, or force to prosper. Survival depends on value production, effort, and honesty. Happiness and competence result.

**Money:** Is it wanted for laziness or effort? A criminal mind sees all money as a way to escape competitive efforts needed to produce values for others. A business mind sees earned money as a way to increase competitive efforts to produce more values for others.

**The Cosmic Mind** is a mystic-free, Neo-Tech mind: the powerful business mind of advanced civilizations.

**The Cosmic Business Mind** easily outflanks and outcompetes the stunted thinking and unintegrated behavior of all criminal and mystic plagued minds.

**Value Destroyers** have criminal minds that harm society. They live by usurping or destroying values produced by others. Their lives are bogus, dishonest, unhappy.

**Value Producers** have business minds that benefit society. They live by creating or producing values for others. Their lives are valid, honest, happy, exciting.

**Truth** is a mushy, hydra-headed word. Everyone disputes its meaning. Truth denotes a static assertion that changes from person to person, opinion to opinion, culture to culture. Thus, *truth* is a hollow, manipulating word that all professional mystics and neocheaters promulgate in their attempts to gain credibility for their deceptions and destructions.

**Honesty** is a solid, indivisible word. No one disputes its meaning. Honesty is a hard-effort, volitional process that is identical for every conscious being. Honesty is the exact thinking and acting process that all professional mystics and neocheaters must becloud in order to live off the value producer.

*Discard the Word Truth; Use the Word Honesty. Reject dishonest a points; act only on the point.*

*For justice, only one honest the point exists:*

*Who is the value destroyer; who is the value producer?*

**INTEGRATED THINKING MEANS KNOWLEDGE AND POWER**  
Integrated thinking is the conscious effort of putting information into accurate context by logically and honestly connecting all relevant knowledge. All valid and powerful knowledge is contextual. Thus, genuine power is gained through integrated thinking used to capture the widest possible range of contextual knowledge. Integrated thinking delivers unbeatable advantages.

The Value-Producers'

# CALL TO REVOLUTION

## Preamble

We stand united — the worker, ditch digger, farmer, tradesman, office worker, business person, billionaire entrepreneur — the productive class. Dishonest parasitical elites shall no longer live off our work. They shall no longer exist by deceiving us.

## The Two Points of Revolution

### *The Enemy* *The Promise*

#### Point One THE ENEMY

The enemy is the parasitical-elite class comprised of harmful politicians, lawyers, judges, prosecutors, bureaucrats, clerics, and other leeches, neocheaters, professional value destroyers, and agents of force. Those people fraudulently live off you. ...They have stolen their livings from you for far too long.

#### Point Two THE PROMISE

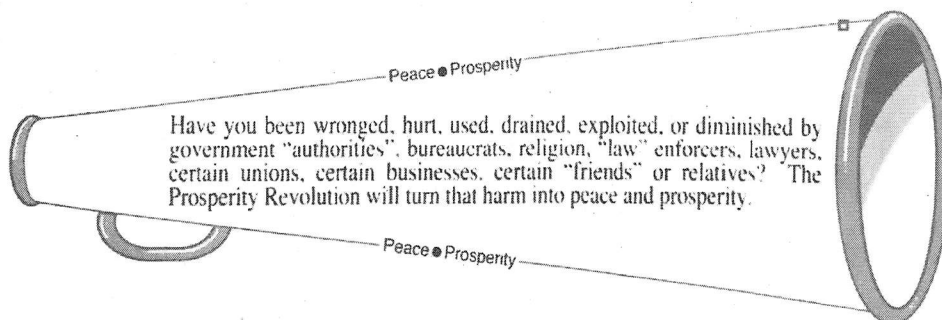

We will eliminate the parasitical elites. That ridding of the leech class will yield the unlimited expansion of jobs, prosperity, pride, and security for all honest value producers, their children, and their future generations.

# WE DEMAND!

We the value-producing workers, entrepreneurs, business people, soldiers, police, youth, students, parish priests, exploited government employees, and suffering unemployed demand the breaking of all deceptions foisted upon us — deceptions that let the parasitical elites drain and harm our lives.

## WE SHALL TERMINATE THE PARASITICAL-ELITE CLASS

We shall break the chain that chokes our lives. We shall terminate the parasitical-elite class forever. ...Our march to peace and prosperity begins now!

*Movement II: The Anticivilization*

**RULES FOR LIMITLESS PROSPERITY**

**Rule 1**

No person, group of persons or government may initiate force, threat of force, or fraud against any individual or private property.

**Rule 2**

Force may be morally and legally used only in self-defense against those who violate Rule 1.

**Rule 3**

No exceptions shall exist for Rules 1 and 2.

*Initiation of force, except in self-defense, always leads to destruction and is the opposite of value.*
